January 2025

To whom it may concern:

Like most charities, COVID has significantly affected fundraising campaigns. We have not had a major fundraiser since 2019. We are happy to announce that Light a Dream can now organize its largest fundraiser of the year, a Casino Night and Auction.

Light a Dream will hold its premiere fundraising event of the year on Friday, May 2, 2025. The Casino Night and Auction will occur at the prestigious Beaconsfield Golf Club in Pointe-Claire. In previous years, the evening has been a tremendous fundraising and media success for the organization, and we expect that the 2025 Casino Night and Auction will be just as successful.

Support from local businesses and friends of previous Casino Nights and Auctions has been one of the primary reasons for the evening's success. We ask you to demonstrate your generosity for Light a Dream by providing a donation that can be used as a door prize, raffle item, or an item to be auctioned off at the end of the evening.

We also offer "sponsorship packages" to support our cause. In return, we will gladly acknowledge your contribution in our evening's program.

Light a Dream is a non-profit charitable organization that assists young adults with developmental delays. We partner with the Lester B. Pearson School Board's educational program for young adults with special needs and/or autism.

To contribute to this year's Casino Night and Auction, be sure to get in touch with the undersigned at your earliest convenience. Thank you for helping to make "dreams" come true.

Yours truly,

Organizing Committee - 514-695-3310
